Catalog 2024

Phonics • Grammar • Spelling • Punctuation • Support • Training

Trusted by teachers. Loved by children.

The program trusted by thousands of teachers around the world

Our program is used in over 150 countries worldwide, empowering thousands of teachers who transform children's literacy ability. The program enables teachers to get their children reading and writing from an early age. As the leading synthetic phonics publisher, and the most experienced, we provide a 7-year program that takes children beyond phonics and integrates spelling, punctuation and grammar too!

How the program aligns with the Science of Reading

- Systematic, synthetic phonics approach for teaching children to read, write and spell
- Multi-sensory lessons ensure children are taught decoding for reading and encoding for spelling
- Explicit instruction for teaching the 42 main sounds of English (including the alphabet) plus short and long vowels, digraphs and diphthongs
- Detailed teaching guidance to enable children to identify a sound wherever it is in the word
- Instruction and strategies for teaching irregular high frequency words
- Ample opportunity for children to apply their letter sound knowledge within each lesson as well as through a range of decodable texts

Results that speak for themselves at Windham Primary School, ME

Significant performance improvements

Jolly Phonics had a significant impact on Windham Primary School in Southern Maine. Before implementing the program, only a few students read beyond level 4 in the Kindergarten Developmental Reading Assessment (DRA).

However, after adopting Jolly Phonics, many students reached DRA4 and even higher levels, with some reading a year or more above their grade level. This new approach reduced below-grade-level numbers by one-third compared to 2017, and by over one-half compared to 2016 and 2018.

Moreover, the percentage of students ending their kindergarten year above grade level more than doubled compared to 2017 and tripled compared to 2016 and 2018.

On average, the number of students performing well below or below the benchmark dropped from 55% to 27%, while the number of students performing above the benchmark rose from 17% to 46%.

Dr Kyle Rhoads, Principal:

"Jolly Phonics quickly changed the way our teachers teach, our learners learn and our mindset about how much kindergarteners can and will learn! This systematic program increased the letter sound acquisition across all types of children. Learners get excited about the lessons and teachers are amazed at how much more kindergarteners can learn with Jolly Phonics."

Julie Young, Instructional Leader:

"The first year of implementation was wildly successful as our students were excited about the lessons and reading achievement data soared. Our end of year Kindergarten DRA2 benchmark is a level 4. In previous years only a handful of students read beyond a DRA level 4 and now we have students who are reading beyond level 4 with many reading a year or more above grade level. Our data was compelling enough to extend Jolly Phonics into our first grade classes."

Our Program

This is teaching guidance for the letter sound /r/.

1. Lesson Objective
The letter sound of focus for this lesson.

2. Flashcards
The letter sounds previously learnt, that should be quickly revised with flash cards before introducing the letter sound /r/.

3. Storyline
An engaging way of introducing the letter sound and the action that will be used.

4. Action
The action - from the story - to accompany the letter sound for multi-sensory learning.

5. Letter Formation
How to introduce the written version of the letter sound.

6. Blending
Practice how to blend the letter sound, using the accompanying sound sheet.

7. Sounding
Practice listening for the letter sound /r/ in a variety of words.

8. Word Bank
A selection of simple words for children to practice blending with the new letter sound and previously learnt letter sounds.

1 Letter Sound /r/

2 Flashcards: Review the letter sounds already taught: /s/, /a/, /i/, /p/, /n/, /c/, /k/, /e/, /h/.

Introducing the letter sound: Use a story such as the one below, along with the action.

3 Robert's family has a playful new puppy, but they cannot decide what to call him: Rocky, Rebel, or Rover. It is raining, so the puppy follows Robert up to his bedroom to play. The puppy sniffs around the room and finds a racing car, a rocket, some roller skates, a toy rabbit, and a rocking horse. Then he goes under the bed and pulls out an old blanket. He grips the blanket in his teeth and shakes it from side to side: "Rrrrrr!" "Rrrrrr!" Robert tries to take it away, but the puppy hangs on tightly until the blanket rips into rags. "Oh no!" says Robert, holding the blanket up. "Well, I know what to call you now." And from that day on, the puppy is known as Rags.

4 Action: The students shake their heads, like a puppy with a rag, making a continuous /rrrrrr/ sound.

5 Letter formation: Explain how the letter for /r/ is written. The students form the letter in the air and then practice writing <r>, <p>, <n>, <c>, <k>, <e>, and <h> in their books. They write over the dotted letters and then try again, using the starting dots.

6 Blending: Blend the words on the lesson page with the class: *rip, rat, rest, trap*. The students point to the dot underneath each sound as they say it.

7 Identifying the sounds: Look at the four pictures at the bottom of the lesson page. Say the word for each one with the class. The students listen and write the letter for the first sound in each word [*r*ain, *r*abbit, *r*est, *r*ocket].

8 Word bank: *ran, rap, rat, rip, rack, rent, rest, risk, trap, trek, trip, crack, press, prick, track, trick, crept, crisp, print, scrap, strap, strip, stress, spirit, strict; cracks in a pan*. Use the word bank regularly to practice blending. It can also be used to do auditory segmenting: Say a word and then sound it out with the class, holding up a finger for each sound.

10 Dictation: Dictate the letter sounds /r/, /h/ /e/, /c /k/

Step 1 Jolly Phonics Student Book 1: Page 12

and the words *rip* and *rat*. Remind the students that the sound /c k/ can be written as a caterpillar /c/ or a kicking /k/. Afterward, sound out each word for the students, writing the letters on the board so that they can check their work.

Developing accuracy and fluency: The students take home a sound book to read with their parents and bring back the next day.

11 Further ideas: Sing the /r/ song from Jolly Songs. Paint pictures of rockets. Use pieces of rag to make a dog collage. Pin up the /r/ section of the Wall Frieze.

9. Sound Sheet
The corresponding sound sheet from the Student Book.

10. Dictation
Dictating words from the sound sheet and word banks to practice segmenting.

11. Further Ideas
Suggestions for activities to reinforce the new letter sounds.

What a daily phonics lesson looks like:

Jolly Phonics has always focused on direct, explicit instruction of phonemic awareness and phonics for both reading (decoding) and writing (encoding). Each lesson begins with a story to strengthen phonemic awareness and encourage vocabulary development. The program teaches the students to say the individual sounds and blend them into a word for reading; for writing, the students listen for the sounds in a word and then write the letter(s) that represent those sounds and so spell the word. From the start, the lesson plans provide explicit direction and practice in letter formation and introduce segmenting and writing words at an early stage. As their letter-sound knowledge increases, the students are able to blend and segment more and more words automatically, as well as developing and extending their comprehension skills.

1. Coloring Sheet

A picture from the story, in reference to the action, for the children to color in and improve manual dexterity and pen control.

2. Action

The image and description of the action for the letter sound.

3. Letter Formation Practice

An opportunity for the children to practice writing the letter sound.

4. Blending Practice

Practice blending the new letter sound with a few simple words that include previously learnt letter sounds. The dots underneath indicate the number of sounds in each word.

5. Sounding

Practice listening for the letter sound /r/ in a variety of words.

This is the student activity for the letter sound /r/.

Research Highlights

- Child-centered approach enables children to make rapid progress
- Research shows the progress that children who are taught with Jolly Phonics far exceeds those who are not using a synthetic phonics approach
- Proven results, with boys doing as well as girls and children who have English as their second language doing as well as those who have it as their first
- Children's average reading age is typically 12 months ahead of their actual age after just one year

Give your children the best start to their phonics journey!

Everything you need to teach your lessons.

Choose from write-in student books and teacher's book, software, or handbooks. Same content, different delivery.

- A year's worth of engaging lessons are provided in each of the core teaching resources
- With actions, stories and songs for each of the letter sounds, the teaching is fun and multi-sensory
- Enables children to meet the expectations of the Common Core State Standards
- Step-by-step plans for every lesson are included
- Bursting with practical, playful and purposeful activities to keep children active and engaged
- Provides detailed insights on the teaching approach
- Continuous revision and consolidation of topics previously taught

Enables you to teach the 5 key skills needed for reading and writing.

- 1. Learning the letter sounds**
Children are taught the 42 main letter sounds. This includes alphabet sounds and digraphs, such as /sh/, /th/, /ai/ and /ue/.
- 2. Learning letter formation**
Using different multi-sensory methods, children learn how to form and write the letters.
- 3. Blending**
Children are taught how to blend the sounds together to read and write new words.
- 4. Identifying the sounds in words**
Listening for the sounds in words gives children the best start for improving spelling.
- 5. Learning tricky words**
Tricky words have irregular spellings and children learn these separately.

Letter sound order

The sounds are taught in a specific order (not alphabetically). The first group has been chosen as it makes more simple three letter words than any other six letters. This enables children to begin building words as early as possible.

1. s a t i p n
2. c k e h r m d

Structured lessons for teaching phonics.

A year's worth of engaging daily lessons are provided in the two write-in student books divided into three steps. Comprehensive and detailed lesson plans for each of the pages in the student books are included in the teacher's book.

Phonics Student Book 1

new
edition

Student Book 1 covers the daily lessons for Step 1 and the first six weekly units in Step 2.

Step 1

- Introduces the main letter sounds of English, each with its own story and action.
- Shows students how to use their letter-sound knowledge to read and write simple regular words, providing daily practice in blending and segmenting.
- Teaches the first set of tricky words.

Step 2

- Builds and consolidates the skills taught in Step 1.
- Covers four main topics: Alternatives, Handwriting, Tricky Words, and Words and Sentences. These topics introduce the main alternative vowel spellings, capital letters, alphabet, and new tricky words, as well as basic sentence structure through regular guided writing activities.

Jolly Plays

new

Ideal for Reader's Theater!

Jolly Plays is designed to help children become fluent and confident readers, with well-developed speaking and listening skills. Each of the six plays in this book comes with a number of additional teaching resources and cross-curricular activities, which can be used whether the children perform the plays or simply read them aloud. All of the parts in each play are color-coded to help teachers select the right part for each child, and there are songs and nonspeaking parts for less confident children, ensuring that everyone in the class is included.

Read and See Books

Ideal for blending and sounding out words.

The Read and See books contain regular words that can be read by sounding out and blending. There is one word on each page. Children read the word, and turn to the page to see if they are correct by looking at the picture. The word is shown again in sound dots underneath the picture so that the children can learn to sound out the word after reading.

Jolly Grammar

Develop eager writers and fluent readers!

A systematic and progressive approach that enables you to teach grammar, spelling and punctuation plus vocabulary development with purpose and power to your class. It teaches new spelling patterns, supports a greater understanding of sentence structure, expands vocabulary and comprehension, and cultivates dictionary and thesaurus skills.

The teaching is multi-sensory and active with fun actions, songs and games that enable children to spell better, punctuate with more precision, employ a broader vocabulary and gain a greater insight into how sentences work.

“Jolly Phonics is truly one of the best gifts that I have been given as an educator. I have seen my students become confident and eager readers and writers.”

A whole-school approach to high-quality literacy teaching

The program continues through the school years, by extending the earlier phonics teaching with further spelling, grammar and punctuation concepts. Each year of teaching provides continuous revision and consolidation of topics taught in previous years. This enables children to spell and punctuate more accurately, use a wider vocabulary and have a clear understanding of how language works.

Sample pages show how phonics, grammar, spelling and punctuation concepts are introduced through the program. These pages are from the Phonics and Grammar Student Books. The same content can also be found in the Phonics and Grammar Handbooks.

Phonics (K Class)

Children are taught the 42 letter sounds, how to write them, how to blend the sounds for reading and how to identify the sounds in words for spelling and writing. Alongside this children learn about tricky words as well as being introduced to the alternative spellings of vowels.

Grammar (Grades 1-6)

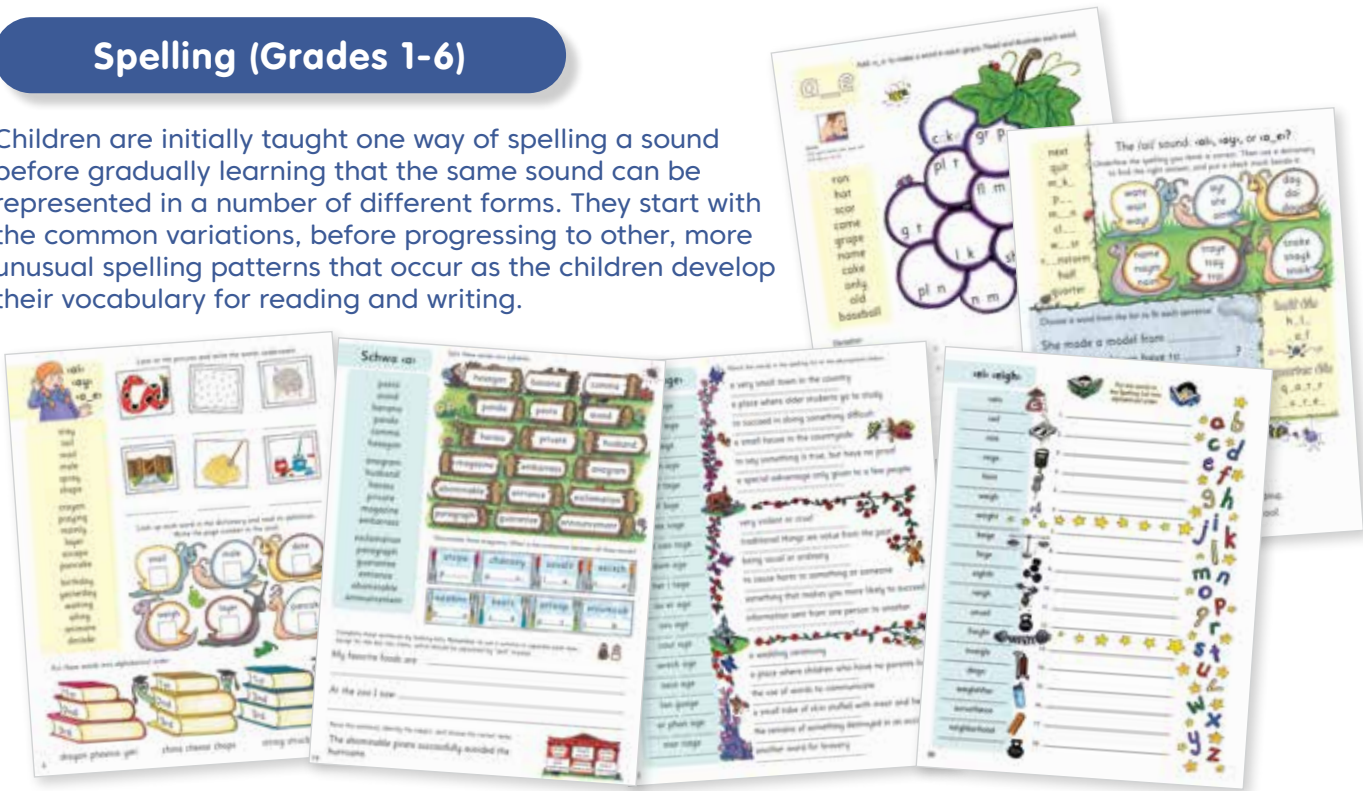

Children are introduced to parts of speech to include nouns, verbs, pronouns, adjectives, adverbs, prepositions and conjunctions. Colors and actions are used to help children identify parts of speech in sentences.

The examples above show how children are taken through the various forms that verbs may take.

Spelling (Grades 1-6)

Children are initially taught one way of spelling a sound before gradually learning that the same sound can be represented in a number of different forms. They start with the common variations, before progressing to other, more unusual spelling patterns that occur as the children develop their vocabulary for reading and writing.

The examples above show how children are taken through the different spellings of the /ai/ sound.

Punctuation (Grades 1-6)

Children are introduced to punctuation concepts and continue to revise these throughout the school years. Starting with full stops and speech marks, children will then learn how to use exclamation and question marks, colons and semi-colons, hyphens, commas, bullet points and much more.

The examples above show how children are introduced to new punctuation.
