Teaching the 5 key skills needed for reading and writing

1. Learning the letter sounds

Children are taught the 42 main letter sounds. This includes alphabet sounds and digraphs, such as /sh/, /th/, /ai/ and /ue/.

2. Learning letter formation

Using different multi-sensory methods, children learn how to form and write the letters.

3. Blending

Children are taught how to blend the sounds together to read and write new words.

4. Identifying the sounds in words

Listening for the sounds in words gives children the best start for improving spelling.

5. Learning tricky words

Tricky words have irregular spellings and children learn these separately.

Letter sound order

The sounds are taught in a specific order (not alphabetically). The first group has been chosen as it makes more simple three letter words than any other six letters. This enables children to begin building words as early as possible.

1. s a t i p n
2. c k e h r m d
3. g o u l f b
4. ai j oa ie ee or
5. z w ng v oo oo
6. y x ch sh th th
7. qu ou oi ue er ar

Structured lessons for teaching the 42 letter sounds, alternative vowels and tricky words.
