

Jolly Phonics Introducing...

Our World Nonfiction Readers

Fully decodable books for new readers!

The **Jolly Phonics Readers Level 2 Our World** are fully decodable books for new readers. They are the third set of readers within the Our World series that was first launched in 2020 as part of the Jolly Phonics refresh. They have a very **carefully controlled vocabulary** and are specifically designed for children who are learning to read and write with Jolly Phonics.

- The text in these Yellow Level Books (second level) uses only **decodable regular words** (words that are made up from the 42 letter sounds taught in the first stage of Jolly Phonics, along with the alternative sound of <y> at the end of words like in *happy* and *sunny*) and a small number of **tricky words** (frequently used words that are not fully decodable at this stage).
- All new tricky words and letter sounds used in this book are shown on the front inside cover. These can be used as a quick practice activity before starting the book.
- **Faint type** is used for silent letters, like the in *lamb*.
- **Comprehension questions** and discussion topics are included at the end of the book. These ensure that children are not only able to read the text, but also get meaning from it.
