What's in the Box?

By: _____

Imagine that a giant wooden box has appeared on your doorstep, and it has your name on it! What's in the box, and what happens when you open it?

Questions to think about:

How heavy is the box?
Is there a label to say where the box has come from?
Can you hear anything inside the box?
Can you smell anything coming from the box?
What happens when you open the box?
