

Early Childhood Music Workshop

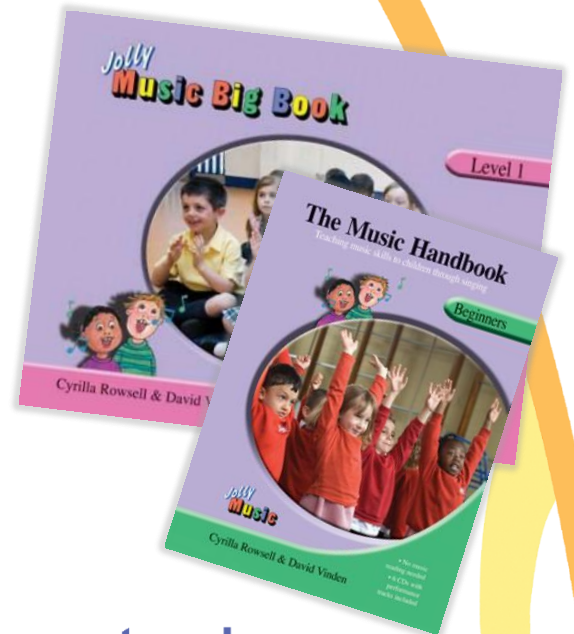

Victoria Carlton's Jolly Music Program

Come to this interactive workshop that introduces an innovative and a very lively way of teaching music to young children (from Nursery to Kindergarten Level).

It aims to provide a practical understanding of teaching early childhood music and will cover such topics as choice of suitable materials and presentation. It also introduces you to "Jolly Music" – based on the tried and tested principles of Zoltan Kodaly. You will learn the effective usage of the Jolly Music resources to teach children the joy of music education!

Jolly Music

Ideal for teachers
or parents
with or without
formal music background
who are keen to teach music to
young children

Another great workshop organised by
the leader in organising Quality educational workshops
